

(Optional) Resources: Fabric Model & Functions

Week 1, Lesson 3 Resources: Fabric Model & Functions

The following resources were selected to provide an overview of the topic of Fabric Model & Functions. We would like to acknowledge the authors of the various web articles, videos, and papers for their insightful discussions and analytics which help formed the basis for some sections of the lessons and modules.

Title of resource: [Hyperledger Fabric Model](#)

Resource Type: Website

Description: This website outlines the key design features woven into Hyperledger Fabric that fulfill its promise of a comprehensive, yet customizable, enterprise blockchain solution.

Title of resource: [Hyperledger Fabricdocs Documentation](#)

Resource type: Article

Description: While many early blockchain platforms are currently being adapted for enterprise use, Hyperledger Fabric has been designed for enterprise use from the outset. This article describes how Hyperledger Fabric (Fabric) differentiates itself from other blockchain platforms and describes some of the motivation for its architectural decisions.

Title of resource: [Hyperledger Architecture, Volume 1](#)

Resource type: Article

Description: This is the first in a series of papers from the Hyperledger Architecture Working Group (WG). These papers describe a generalized reference architecture for permissioned blockchain networks and share the recommendations of the Hyperledger Architecture WG with the end goal of guiding all Hyperledger projects towards modular designs.
